René Corriveau & Fils Inc. has all rights reserved about what should be repaired or replaced and which part or component will be used for it. The replacement will be done accordingly to the style and color of the original part and will depend on level of stock. In absence of stock, the company will substitute with similar merchandise. Most of uncovered parts are available at minimal cost at our factory. Remember to close the umbrella in windy conditions and when you are away from home.

The warranty is exclusive for the original buyer for domestic use.

Proof of purchase ( invoice ) should indicate the name of the original buyer, date and all model numbers.

Return of goods must be prepaid and preauthorized from René Corriveau & Fils Inc.

It is recommended to contact the dealer first, he will either fix the problem or follow-up the claim to the manufacturer. René Corriveau & Fils Inc. is not responsible for any loss of product enjoyment or any other loss from product defectiveness.

**Customer service :**

There are two different ways to get fast service : contacting the dealer or calling at René Corriveau & Fils Inc. Either way, you must have the invoice with all model numbers. A picture may be usefull. During normal business hours, you can call the manufacturer at 1-800-463-7400 or visit our web site at [www@renecorriveau.com](http://www@renecorriveau.com).

**Be aware to remove water from tubes and aluminum extrusions prior to winter season storing to avoid splitting or distorsion.**

**Care and maintenance instructions :** Clean frames with mild detergent in warm water, rinse with clean water and dry thoroughly. Avoid strong detergents and abrasive cleaners. For best results and to prevent mildew, clean slings and cushions weekly with a mild detergent and warm water. Remove excess moisture with a dry towel after rinsing out to allow an air dry. To remove stains or mildew, use warm water and mild laundry detergent. Never use solvent base mixtures or abrasive cleaners. Never store cushions when wet nor seal in plastic bags. The best way to maintain the beauty of your furniture is to cover it when not in use with outdoor furniture covers which are available at many retail stores. However these covers are not suitable for winter storage. The best protection remains inside storage.
